---

## **Why Pledge?**

Pledging is a form of responsibility to support an idea or plan of action. So when you decide to pledge, you make a commitment to what you are supporting for that month only. In supporting the events that occur that month you are committing to attend an event in the virtual campus or watch the replay in the community pages.

By attending a live event you are choosing to interact in a live 3D digital environment accessed via your pc, laptop or mac. If you cannot attend a live event you can still pledge but you only get to watch a video of replay of the live session.

The video replays of the live sessions will be stored on the community paid-only post section on the [Patreon page](#). The live events will be published on the VWCA [website](#) well in advance so that people have the opportunity to see upcoming topics for workshops and to decide if they want to attend.

As a Patron, if you want to attend events you don't have to do anything different than just remaining a Patron for that month and all subsequent months where you see events listed on the VWCA events page.

If no events are running that month you will not be charged for that month. So again you can remain a Patron for the month there are no events, but you still get access to the replays as a VWCA Patron. Basically, once you become a VWCA Patron you just turn up to events when they happen.

## **When do events happen and when do I get charged?**

Events will be scheduled ahead of time so that you can decide to attend and remain a Patron for that month, If you do not wish to attend or watch replays and leave the patreon page you lose access to paid patron-only posts and replays of previous events. As I said earlier this is a commitment based system. Therefore, by committing to this process, you are committing to your own personal and continuing professional development.

## **The levels of access are important to understand.**

Pledging at the level of 'ATTEND AN EVENT' you can just turn up to events when they happen and/or watch the replays as a Patron-only paid post.

**ATTEND AN EVENT is the only [VWCA Patreon tier level](#) you need to pledge at for now!**

## **So when do you need to commit to attending live events?**

A live session will run in a specific month and your card will get charged on 1st of each month. Therefore you commit to making a pledge on the preceding month. So if we have an event in August you need to become a Patron by end of July - So that when I create the content to be paid for, ie a 'ticket to entry' you will have effectively paid for it on 1st August.

If you are going to attend events in August you will need to have pledged by the end of July so that I can 'create' the ticket before 1st August. Deadlines for pledges will be posted on [events page](#).

## **Do you have your avatar account and not yet a Patron?**

CTA: Please make your pledge at ATTEND AN EVENT tier level on or before **30th July 2019** as I will be creating a 'ticket' on 31st July 2019.

## **How will you know a ticket has been created?**

Patreon will notify you of when I have created a paid patron only ticket.

If you do not have an avatar account then please [enrol](#) to get all you need to set up your account.
